COUNTY COURT.—The following is a [illegible] transacted by the County Court [illegible]

Petition and others for a change of location [illegible] Portland, and others for a change of location [illegible] Portland; [illegible] was granted a license to sell spirituous [illegible] three Portland Fairs for six months.

[illegible] was granted a license to sell medicines for [illegible] three months, the [illegible] to Jacob Wise, constable of East Portland.

Petition of A. Meier for return of $8 25 paid by him [illegible] the property was improperly de[illegible] to Jacob Wise, under whom such [illegible] was sold for taxes.

Petition of Ben. Tallman and others for vacation of road [illegible] Crossett's to ——, deferred for information.

Petition of the Oregonian [illegible] to advertise in the daily and weekly [illegible], notice to all having claims of whatever nature against the [illegible] to appear at the same upon the first [illegible] July term of the Commissioners Court.

MORE WANTED.—The *Herald* of yesterday, [illegible] pertinently [illegible] and as follows: "Now that [illegible] Train is coming here to orate on the [illegible] of July, we respectfully suggest to the Committee [illegible], that they should put forth every effort to make the entire programme attractive, by combining all the eccentric talent of the country, if possible. In this end they should invite Gen. E. L. Applegate to read the Declaration of Independence; Captain [illegible] to furnish a poem, and the Rev. Joab Thomas to act as chaplain. If they could only [illegible] this talent, every man, woman and child in town would come to Portland on the Fourth of July to do it possible."

We do not look upon the three gentlemen named in the above extract, as at all "eccentric" in the sense in which George Francis certainly is, though, if engaged for the day they would probably draw crowds. If we were permitted to add a suggestion, we will propose that the Committee send on for Barnum's Woolly Horse for Mayor H. Boyd, Mayor, to ride on.

RAINS.—We clip the following from the *Unionist* of the 5th day:

"Heavy wagons are coming into town now, loaded with wool. The number of purchasers are many, and wool finds a ready sale at twenty and twenty-one cents [illegible]

The Columbia and Oregon Stage Co. commences running [illegible] here to Portland to-day.

The Willamette river is still falling quite rapidly. We learned that it is about two feet higher than the [illegible] last summer.

The Salem Musical Society has been formed, and is practicing every Monday at the U. P. Church, over Gill Wilson's book store. The society has about 60 members.

Mr. Prentiss is the musical director.

Dr. Kay has returned from his tour into Southern Oregon. He looks a little the worse for having to travel in the hot sun.

WHAT EAST OF THE MOUNTAINS.—From private sources [illegible] informed, says the *Commercial*, that the crops in [illegible] vicinity of Walla Walla and the adjacent valleys are [illegible] suffering considerably for the want of rain [illegible] spell has succeeded the earlier rains.

[illegible] a reasonably good crop, rain must soon [illegible] Some fields of wheat and oats are already beginning to head out on straw less than a foot in length, [illegible] will be very difficult to save in harvesting. The [illegible] crops do not seem to experience any injury from the weather, but with few exceptions are suffering for some time has been hung over by a dense [illegible] supposed to be caused by the fires in the [illegible] keeping a sort of indescribable sombreness to [illegible] of the valleys, mountains and plains.

A HOT DAY.—At three o'clock P. M. yesterday, the [illegible] marked ninety-three degrees above zero. The heat during the afternoon was most oppressive. On [illegible], it was a blazing, dry baking heat. Grass and [illegible] of most shrubs and trees wilted as if literally [illegible] The thermometer has marked, on one or two [illegible] higher degrees; but there has been no day of [illegible] when the heat was so blazing and overpowering [illegible] day.

A LUNATIC MAN ARRESTED.—The Olympia *Transcript* of the 5th inst., says: "On Wednesday, Deputy Sheriff [illegible], on the authority of a telegraphic dispatch from Portland, arrested a young man named Weis, charged with stealing watches. No authority for his detention [illegible] produced, he was discharged from custody." This is the same fellow who played a number of our citizens [illegible] watches, jewelry, etc. It is to be hoped that he will not be allowed to escape

RISE OF THE RIVER FOR NINE YEARS.—Persons [illegible] have habitually worked on or about the lower dock [illegible] the last nine or ten years, say that this is the first [illegible] in nine years, in which the waters of the river [illegible] not get high enough to cover the dock. This year at [illegible] water, the wharf was not less than two feet [illegible] water. The river has now fallen nearly three feet [illegible] highest point reached.

A BALLY FOR BOB WALKER!—While we shall remember [illegible] be grateful for favors opportunely bestowed, we [illegible] never forget Bob's several bestowals of soda, on hot [illegible] These two or three dozens brought up yesterday [illegible] just in the nick of time to save several pints of [illegible] sparkling with fervent heat and the driest thirst [illegible] Bob or any other man ever heard of

BEN IS FAME.—A Walla Walla paper announces the [illegible] arrival at that village of "Gov. Moore and Ben *Mr. Hayden*." That's a quiet back-handed spat at Ben, who [illegible] fame somewhat wider than the breadth of dirt [illegible] Dallas and Walla Walla.

THE MUSICAL FESTIVAL.—We invite attention to the programme offered by the Philharmonic Society for their concert on Friday evening, the 11th inst. It will be seen that it embraces many excellent pieces not performed at the last concert. For reserved chairs, apply at McCormick's store, *between the hours of 9 A. M. and 5 P. M* Friday.

SUNDAY SCHOOL PIC-NIC.—The Annual Pic-nic of Trinity and St. Stephen's Sunday Schools, will take place on Saturday, the 12th inst. The *Senator* will leave Vaughn's wharf at a quarter before nine o'clock A. M. Parents, teachers and children, with others invited, are requested to be at the wharf promptly with their preparations at the time above indicated.

FAIR HIT.—The *Unionist* has the following good one at our Committee on Orator of the Day. "George Francis Train has accepted the invitation to deliver the Fourth of July oration at Portland. Our Committee on Orator of the Day, not to be behind the times, are trying to learn the address of Colorado Jewett, with a view of securing his services as orator at Salem."

RUNAWAY.—Just at the time of the fire alarm yesterday, the horse attached to Stoner & Neal's grocery wagon, took it into his head to run off with the "machine" but from it. He accordingly promenaded rather rapidly up *Morrison street past the Central school house*, when he was lost to view. He was recovered afterwards with wagon and harness but slightly damaged.

LOUD MUSIC.—Our people may look out for a little the tallest singing on the 4th ever heard on the banks of the Willamette. Posters put up yesterday announce that the choir will consist of over one hundred voices, under the direction of the Philharmonic Society of this city. Beside these there are to be six full brass bands—the best in the country.

KEYS LOST.—Mr. Wm. Young lost yesterday a bundle of keys, while running to the fire. They were dropped somewhere between his marble works on corner of Front and Ash, and the junction of Morrison and Fourth. The finder will greatly oblige him by leaving the keys either at his shop or at this office.

DEAD.—The saddening news reached here yesterday that Leopold Wolff, formerly of this city, died at Honolulu, Sandwich Islands, on the 9th of May. He left here something over a year ago for a visit to the Islands in the hope that a change of climate might benefit his failing health.

JUBILANT.—A gentleman from Monticello, yesterday, says the Republicans at that place celebrated their county victory by firing anvils during the greater part of Tuesday night, after getting the returns in. They elected their Representative and about half their county nominees.

FIRE ALARM.—The flue of a chimney in Mr. J. A. Fisher's residence on the corner of Morrison and Fourth streets burned out yesterday afternoon, causing a fire alarm from the bells of the several engine houses. A part of the chimney was torn down and the fire was put out, without the use of water.

RETURNED FROM THE DALLES.—Gen. Jos. H Holman, Superintendent of the public buildings for Oregon, returned from the Dalles yesterday. He reports the branch mint building as progressing satisfactorily. He will go to Astoria by the steamer of to-morrow.

EMMET GUARD'S PICNIC.—The Emmet Guard of this city will have an excursion and picnic on Sunday, the 20th inst. The picnic will be held at Pleasant Grove—the grounds of the Turn Verein. The usual exercises will be had, and a pleasant time may be anticipated.

SENATOR WILLIAMS.—A telegram from Senator Williams at San Francisco, Tuesday evening, to a gentleman of this city, says that he will not be up till the steamer succeeding the *Oriflamme*.

CELEBRATION ON THE SOUND.—We see by the Olympia papers that the Olympians are making extensive preparations for celebrating the 4th of July.

EXAMINATION OF THE FLETCHERS.—We learn that the preliminary examination of the charges lodged against the Fletcher boys at Vancouver, was begun yesterday.

TO SAIL.—The steamer *Gussie Telfair* will sail for Victoria and Puget Sound ports this afternoon.

THE ABOVE COMPANY HAVE PURCHASED THE Celebrated "Henry Patent," and greatly improved on the same, are now making a vastly superior arm, which excels all others for power, accuracy, convenience and rapidity of loading and firing. The Infantry Rifle, with Bayonet, is the most perfect and beautiful military arm ever produced, and the Sporting Rifle and Carbine are unequaled. These splendid weapons will deliver at the rate of TWO SHOTS A SECOND.

The Carbines carry thirteen shots in the magazine and one in the barrel, and the Rifle seventeen shots in the magazine and one in the barrel, or eighteen shots, all of which can be fired with precision by an expert, *in nine seconds*. G. VENARD,
CHARTRES COFFEE!
Manufactory Established in June, 1851.
STEAM POWER, NOS. 525 AND 527 FRONT ST.

HAS CONSTANTLY ON HAND GROUND AND ROASTED COFFEE, GREEN COFFEE of the best qualities. CREAM OF TARTAR and SPICES of all sorts.

The undersigned, who has always enjoyed public confidence for the excellent quality of his Coffee, neglects nothing to justify the good name acquired by his productions, the sale of which daily increases. The acknowledged superiority of his merchandise, which commands hers, and in the markets of the interior, a relatively higher price, excites the cupidity of some manufacturers, and every day he sees increasing the number of those who, by counterfeit or imitation of his mark, seek to deceive the public, palming upon them their inferior productions for the genuine G. VENARD CHARTRES COFFEE. This fraud can deceive nobody after a trial, but only adds to the favorable opinion of the consumers, the very flattering though unwilling testimony of the counterfeiters. Nevertheless, buyers should be forewarned, and placed on their guard against this practice.

BEWARE OF COUNTERFEITS.
Each package bears the signature of G. VENARD.

The Washington Territory Election

Later reports show that the election in Washington Territory was much closer than was indicated in the returns received yesterday still we think the chances favor Garfielde's election. The following are estimated and ascertained majorities this side of the mountains, as indicated by dispatches received up to nine o'clock last evening

CAPITOL.		MOORE.	
Jefferson	100	Whatcom	26
Kitsap	150	Island	11
Thurston	1	Snohomish	28
King	41	Pacific	29
Clark	50	Pierce	25
Clackamas	67	San Juan	40
Cowlitz	19		
	555		167

Garfielde's majority in Capitol district 388

Pacific and Chehalis counties are not included in this estimate. In the last election they gave 144 Republican majority. If they do anything near so well this time Garfielde will have at least 500 majority west of the mountains.

A dispatch received here yesterday that Walla Walla county has given Moore 400 majority This is not credited as near the truth, for the estimate that this majority is increased in two or three times greater than ever before obtained by the Democratic party there. In the last election their majority in that county was 124, and there has been little, if any, increase of population since then. But granting that the Democrats have 400 majority there, the chances are good that Garfielde can beat it. The other counties east of the mountains are Whitstat, Yakima and Stevens, which gave 30 Democratic majority in the last election, and will hardly give more now. On this basis we consider Garfielde's chances still quite strong. He has made large gains west of the mountains over the vote of 1867, and nothing but the most extraordinary and unlooked for gains east of the mountains can defeat him.

An Alliance with England

The evident bias of some of the Democratic journals of this country toward England in the controversy which has arisen between that nation and ourselves over the *Alabama* question, coupled with the preparations now being made for the early visit of the fleet which is to be sent to England and to answer at the solicitation of our Government in preferring claims for indemnity for the outrages and depredations committed by rebel cruisers during the war, "Our own country, right or wrong," seems to be the paper's motto. Democratic journals in this country, they now forget their old-time pride, so far as to stand with the people of the country in a case where the right is not doubtful, but undeniably on our side. There was a time when this party insisted on "fighting for no other cause whatever." During the administrations of Washington and the elder Adams it was continually crying out against any war with that country, no matter how much to gain a foothold in this country as it did to aid the Jacobins of the French revolution; and because its leaders at that time could read in this they "trusted that Washington had allowed this Government to be trod down at the feet of British gold." This was Jefferson's hobby, and he was most adroitly and effectually ridden by the majesty of the people, and influence of the Federal party, by which they could not be controlled. But this party has now grown fat in the other direction as the "natural ally for England in a case of difficulty for damages for outrages committed by rebel cruisers during the war. The whole of this party's history, from the time it was born, to the present day, will not bear close scrutiny at home, and it will not bear it abroad. It is to be hoped that the people will take sides with the Government at home and abroad, and not blindly follow the lead of a party which has proved itself unworthy of confidence in the past, and is not to be trusted in the future.

THE LAND QUESTION.—We have by telegraph a brief but tolerably accurate account of the method which is to be pursued, or at all events, tried, in dealing with the Indians. When Wendell Phillips said, "We have spent thousands of millions in dealing with an ideal Indian; he never existed," he strikingly expressed the gulf which is embodied more fully than ever in this new plan. In this plan we have nothing less than an attempt to change at once the whole nature of the Indian, subdue his native wildness, convert his lazy habits, from the arts of civilization and Christianity by one effort up to the plane of civilized life. Evidence abounds to the contrary that this can be accomplished. The Indian will not work, and without labor no progress is made. The solution of the Indian question is in the final extinction of the race as far as possible he should be dealt with kindly and justly; but whoever supposes that the programme now laid down can be carried out successfully, is dealing with an ideal Indian.

Democrats were very jubilant yesterday, hoping from the later returns from Washington Territory that Garfielde is defeated. But we would remind them that "the hand is still writing."

NEVADA.

VIRGINIA, June 9.—Dr. Claiborne, a well known physician of this city, died suddenly at three o'clock this morning. He had been suffering from sore throat, but was not considered in danger and was doing well last evening.

A dividend of $2 50 per share has been declared in the Sierra Nevada. The prospects of the company are brightening. The yield of bullion last month was $23,000.

Forty-five tons of ore per day are now being stamped and this month is expected to foot up $30,000.

FROM THE NORTH.

Washington Territory Election.

SEATTLE, June 9.—The following counties give majorities for Garfielde: Jefferson, 150, Kitsap, 154, Thurston, 49, King, 1, Clallam, not heard from but estimated will give Garfielde from forty to sixty majority. Moore's majorities on the Sound are as follows: Whatcom, 28, Island, 11 Snohomish, all but one precinct heard from, 26 Pierce, 30, Mason, not heard from. It is claimed by Democrats by from twenty to thirty five majority.

IRON WORKS.—In a recent English work on the tensil strength of iron and steel, it is announced as the result of an extended series of experiments, that for such iron as is usually employed for rails in France, Belgium and Wales the breaking strain, as tested by sudden blows or shocks, is considerably increased by cold. Such iron exhibits, at ten degrees Farenheit, only from one-third to one-fourth the strength which it possesses at 84 degrees. The conclusion is drawn from these experiments, that the only practicable way to prevent railway accidents during severe frosts and Winter weather is to slacken speed, or to give the rolling stock more elasticity by the employment of India rubber springs.

[DISPATCHES TO THE OREGONIAN]

DATED 10 JUNE 9

Washington News.

WASHINGTON, June 9.—The Attorney General is said to have hesitated a long time before furnishing the recent opinion on taking the Texas court martial in the trial of a citizen for the murder of a freedman; that his actual view of the law suggested an entirely opposite conclusion. Gen Butler said he would offer a resolution calling out just at the next session until it should have an example of some of those fellows who have the pressure the present administration made.

It is stated that in Cabinet meeting yesterday among the matters discussed was the status of Georgia. Attorney General Hoar submitted the general scope of his views thereon as the basis of his opinion called for by the President. The action made some suggestions for the consideration of Mr Hoar. What was the final conclusion has not transpired.

In consequence of the reply of Judge Hoar to Poe or Cooper about the French cable the parties propose laying the matter before the President urging his permission to land the cable subject to the action of Congress at the next session.

Washington specials say it is reported that the convention of Texas met yesterday to nominate candidates for Governor and other officers. No report of the proceedings has yet been received.

The President of the Republic of Nicaragua has requested the State Department to furnish him with a catalogue of the schools and colleges of this country, so that his people may see what advantages for education are here.

Ignatio Marisal, the new Mexican Minister, was formerly Secretary to Romero. He is married resides in Washington, and is favorably known in social circles.

A private letter from Paris says that Burlingame is upon the point of concluding a treaty between France and China. It is made like the English treaty. Injuries to French subjects are to be redressed through diplomatic channels, instead of the old manner.

It is the purpose of Secretary Boutwell to reduce the number of Government depositories. He meets with much opposition. There are now three hundred and fifty. He wishes to reduce the number below two hundred, having regard to the requirements of the public service and not to the wishes of the national banks. The report is not true that he will have one depositary in each congressional district.

The President leaves for West Point to day and will attend the Peace Jubilee at Boston Tuesday. He will make a trip in Illinois probably also to the Platte.

The Cabinet session was mainly devoted to the consideration of Indian matters. A telegram from General Sheridan was submitted, which says the late depredations in Kansas were committed by the Cheyennes, who spent the winter in the Powder river country and lately secretly moved down into Kansas. The Indians he pushed so severely then winter had nothing to do with these troubles. The President, on advice of his Cabinet, ordered Generals Sheridan and Schofield to send troops to protect the line of the Kansas Pacific Road and the settlers all along the frontier of that State. Troops are also to go to the Cherokee neutral lands to protect railroad interests from settlers and squatters who oppose the road. Gen Sheridan says he will call out the militia if necessary, but he does not think such a course needful.

All the papers in the city are strong in their condemnation of the negroes who created disturbance at the polls yesterday. The man who was shot through the head yesterday is still alive, but the doctors say he cannot recover. One Sergeant of Police is confined to bed by the injuries. The Chief of Police is able to be about, but in a battered condition. The other injured persons are doing well.

Indianapolis Dispatches.

INDIANAPOLIS, June 8.—Attorney General Williamson declared an opinion on the constitutional ality of the specific appropriation bill, which was passed by the House at the close of the special session after the resignation of the Democratic members. BY ATLANTIC CABLE

PARIS, June 7.—The bay colt Gradenet won the grand prize of 100,000 francs yesterday, beating eleven horses. The Emperor, Empress, Queen of Holland and other notables were present.

The ballots in the cases of the unrecorded elections, are going on quietly in the different departments. Thiers, Favre, Garnier and Pages, have been declared elected by ballot.

There were tumultuous scenes at Montmartry and arrests made by the police. Some persons were wounded during the disturbance. The results of fifteen additional elections by ballot, have been declared semi officially. Eight opposition candidates are elected. Among the successful are M Picard, Gatelier and J Dumouttier.

Last night about twelve o'clock a great crowd of people gathered in the Montmartry district and the policemen were obliged to use forces in dispersing them. Some citizens were injured and a number of arrests were made. The people finally retired to their homes and quiet was restored. A scene occurred during the night in front of the Hotel de Ville. Many persons were injured and a large number were arrested. The total number of arrests last night the consequences of these disturbances, was 120.

VIENNA, June 7.—*The Bishop of Linze* having refused to obey a legal summons to appear before a secular court, was arrested and brought into court by the police.

The Austrian Government has refused to decide in the matter of the neutrality of the Suez canal without the advice and co operation of France.

LONDON, June 7.—A Paris letter states that a strong pressure is brought to bear in the undecided election to prevent the return of opposition candidates. The contest between Thiers and Rhee, and between Favre and Henri Rochfort are regarded with much interest. The Emperor, it is asserted, views the probable election of Rochfort as a personal, if not a deadly insult. The ultimate result of their election and the effect on the Government are regarded with great curiosity. Government is cautiously alive to the heaviness of the blow and the difficulties it will have to meet in the future. Its friends render advice freely, but the only compromise probable is a Parliamentary Government which the Emperor regards with particular aversion. Government is resolved to do something as soon as possible and with the least inconvenience. If the balloting results in favor of Rochfort, a step will probably be taken immediately.

In reply to a conservative deputation to-day Lord Derby said he spoke as a unit in the House of Lords, but not wishing to influence the majority after the action of others, while there are many friends of the Irish Church who wish to attend and not reject the bill, he was persuaded that its rejection was the only course. He believed the bill would be rejected by a large majority. Such a course was the safest to such a revolutionary step. He felt satisfied it would receive the assent of the conservatives of the country, who will continue increase their support if coercion (the Fenians was attempted.

At a meeting of conservatives held at London to night, resolutions were adopted condemning the Irish Church bill. It is understood that Gladstone purposes in case the Lords reject the bill to at once submit the precise version of Parliament immediately and inaugurate a new session. In order to insure the passage of the bill it is proposed to create a new batch of Peers including the Marquis of Harlington (Lord Timberley) the eldest son of the most liberal Peers and all the elected Irish Peers now with a seat in the House of Lords.

The *Pall Mall Gazette* regrets the bad effect the position the Lords have assumed will have on Ireland.

The *Times* predicts that if this policy is carried out the result will be that the House of Lords will be obliged to accept the same bill at a later period with a sense of humility.

The bill has just passed the nation by its votes. The House of Commons has so given record and it cannot recede.

PARIS, June 7.—The opposition have determined to move for the withdrawal of the Hungarian troops from the provinces bordering on the river Leitha, unless the government is able to offer a satisfactory explanation of their employment there.

PARIS, June 7.—King William and Count Bismarck are to be in Berlin on the 11th.

NEW YORK, June 8.—A *Herald* special from London says it is announced that the predestination of the majority of the House of Lords to reject the Irish Church bill caused intense excitement and threatens to precipitate eventually, an inevitable conflict between the Lords and the House of Commons.

It is rumored in some quarters that the announcement is made to feel the public pulse and learn how far the *House of Lords dare go*. It is the general impression that the bill will be thrown out on second reading.

The *Standard* this says the peril of the proposed action by the Lords.

Gladstone ignored even the least thought or fear of hereditary legislators, but it says the Irish have complied in compliance with the urgent demands of ten and hundreds of thousands in every part of the country, to risk all the contest with an impure Minister and an overbearing majority of the Commons. Should they be crushed in the struggle not only will the Church of England will be sacrificed to the Dissenting people, which is the dangerous foe to personal and political freedom.

The *Star* in threatening language, says the Irish Church must and cumber the ground after December. Let it be proclaimed from thence hope that the House of Lords will not go against such as has not been seen since the people of Birmingham threatened to march into London in the name of Reform and cries will be heard calling for the downfall of an absolute Chamber that no longer disguises its anachronism of existence by hereditary descent.

The *Times* says we are on the eve of a coming crisis. Nothing more the throes which precedes the passage of the Reform bill can be compared to the consequences which will attend the threatened fiat of the peers and the result of the struggle is not at all doubtful. If the Lords had succeeded at the first they would be compelled to enlarge a second time of the measure already rejected. The first result of this action will touch all the interests and jeopardize not merely themselves and their privileges, but also the peace of the great towns, and maintenance of law and order throughout the country. Outside of the House of Commons the public press and people generally talk in a revolutionary manner.

PARIS, June 8.—The result of the election where the ballot was necessary to decide, is the following. Official candidates 13 unofficial, 1 independent, 1, opposition, 15, unknown, 12.

LONDON, June 8.—The *Times* refers to the fact that some of the Tory Peers declared they would follow the policy in regard to the Irish Church bill intermediated upon by the majority at the meeting on Saturday. It trusts that the danger of a collision is past. The experience of the last two days reaffirms the truth that in the direct means the Tories must allow the national will to prevail. The present aspect indicates the passage of the bill to its second reading by a small majority. The same paper prints an article on the French elections. It points to the fact that thirty one and a half millions French voted in the opposition to only four million who support the Government. Whatever the relative strength of parties may be in the Corps Legislatif, the is a significant result and universal suffrage is bound to influence the entire French Government.

The *Telegraph*, referring to the attitude in the House of Lords, says the fate is only most generous the nation. To this Lord Derby and other Peers assented when last year they invited the judgment of the nation on the suspensory bill.

The *News* has an editorial on the Alabama claims controversy. It believes the storm is clearing away, and says we are now about ready to deal with a fact. The Americans have forgotten facts. They reject unfriendly words, but disregard the memory of friendly deeds. Great Britain is ready to bear her own responsibilities but when charged with all damage done to American commerce during the war she must remind the Americans that only a small part of that damage lies at her door or is admitted by her.

In the House of Lords this evening Earl Russell by gave notice that he should move that the second reading of the Irish Church bill be postponed for six months.

MADRID, June 8.—The new constitution has been promulgated in all the provinces of Spain. Perfect order prevails.

A telegraphic dispatch has been received from the Acting Captain General of Cuba countermanding the requisitions for reinforcements. This is accepted as an indication of an improved state of affairs in the Island and gives satisfaction.

Important Facts!!!

THE CAPITAL STOCK

—OF—

THE PACIFIC

MUTUAL LIFE INSURANCE CO.,

OF CALIFORNIA,

IS PAID IN,

IN GOLD COIN!!

—AND—

Cost Nothing to be INSURED!

This is Additional Security, Without Cost to the Insured, that the Capital Stock bears its own Interest!

THE PUBLIC CAN ACQUAINT ITSELF WITH the business reputation and standing of the Stock holders and Directors of the Company, and determine from that knowledge whether the affairs of the Company are likely to be honestly and fairly administered for the benefit of the Insured.

POLICIES ISSUED BY THE

PACIFIC MUTUAL

ARE NON-FORFEITABLE,

And by the Laws of California,

EXEMPT FROM EXECUTION!

The Company will at any time make AN ADVANCE of Cash on its Policies as future Dividends.

No premium or extra rates required for traveling East or in Europe.

Dividends annually non forfeitable.

Thirty days grace on the payment of all Premiums.

After two annual payments the Company will, two years after the last payment, issue either a paid up Policy for the proportion of Premium received, or pay the equity in cash.

The rate at which we have been sending money East for Life Assurances will amount with interest, to at least Ten Million Dollars by January 1, 1870. This enormous sum it seems, is totally enjoyed by the magnitude of the interest which the Coast is losing for want of it. For instance. Its yield in the East at 6 per cent compounded annually for ten years is $6,865,161 27 here at 12 per cent, for five years and 10 per cent. for six, compounded monthly, $25 680,000 68, or a difference of over eight one million.

With these facts in view what Company will likely pay the largest Dividend. The funds of the PACIFIC are all loaned at 2 to 3½ per cent per month.

Of this large sum it is computed that Oregon and Washington Territory have contributed about one-fourth. This involves the sending away annually to keep up the Premiums on Policies already issued, at least six or seven hundred thousand dollars, which if continued will soon drain the State of all its cash. If to California, it finds its way back here for our productions, a market for which we must look for ever.

The applicant need not wait two or three months to know if he is accepted or rejected, but can receive his Policy in less than two weeks, and in case of death the money will be paid to his wife in as short a time.

The Officers are:

H. F. HASTINGS, Vice President;
